

MGL covered in key research report on Manufacturing Service Providers

Press release

New Delhi, January 12, 2009: Mascon Global Limited (MGL), a leading IP-led, domain-centric technology solutions provider today announced that it has been covered in a Gartner research report "Service Provision in Manufacturing Goes beyond classic IT" by Dan Miklovic published on Dec 9 2008. The report is available to Gartner clients on www.gartner.com

"MGL Manufacturing is a cornerstone of our business and we look forward to seeing significant growth in that unit during the coming year," said Sandy Chandra, Chairman and CEO, MGL. "Further, we plan on manufacturing to be a key industry segment in which we expand our IP-led, domain-centric business model."

ABOUT MGL

Mascon Global Limited (BSE: MASCONGLO) is an IP-led, domain-centric technology solutions company, headquartered in Delhi, with development centers and business operations in the US, Europe, Asia and Mexico. We deliver technology solutions across multiple industries and hold leadership positions in the worlds of finance, healthcare and life sciences, education, media and telecommunications. We use a comprehensive blend of products, services, and a world-class delivery model to build, deploy, and maintain technology solutions that help our clients meet their most aggressive business objectives.
